

Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

August 16, 2022

Dear King Members, Friends, and Family:

The Wisconsin Department of Health Services continues to report elevated COVID-19 virus case levels across our state again today. We are grateful that Waupaca County is reporting low transmission levels of the virus this week. We ask everyone to please continue to do their part to mitigate the potential spread into our Home.

Since we updated you on August 12, we had 1 employee test positive for COVID-19. Accounting for all recent recoveries, currently we have 6 cases of COVID-19 on campus (0 members, 6 employees).

Vaccinations and booster shots remain the best proven method to reduce your chance of serious illness from the virus. The CDC recommends everyone ages 6 months and older stay up to date with their vaccines, which includes everyone 5 years and older getting boosters if eligible, for the best protection against COVID-19.

We ask if you are not feeling well, please do not visit until you have taken a COVID-19 test and have fully recovered from your symptoms. If you are planning to visit our campus, all visitors are asked to wear an N95 or KN95 mask when in our buildings and perform a health check assessment upon arriving.

Thank you for your ongoing understanding and support of our Home.

Sincerely,

Diane Lynch, LNHA, MBA
Homes Division Administrator
